

ACCEPTANCE OF RETURNS POLICY

General Terms and Conditions

Dear Customer,

to ensure the service of acceptance upon return of the items, the following forms must be completed, signed and attached to the delivery note:

- Return Form (MDR)

This form allows the acceptance of the material and the correct procedure to be applied.

- Decontamination form - when required.

Pursuant to current regulations, the responsibility to clean and decontaminate all the shipped material is upon the Customer.

The form must be completed entirely and must be placed on each package of the shipping. Completion of this form is not required for:

- new items;
- instruments and accessories that have not been in contact with liquids.

A written reminder will be sent, if one or both the documents above should have been missing and/or incomplete. After 5 working days from the reminder, if we will have no response, the material will be returned to the sender with shipping costs charged without any intervention from our side.

For security reasons, documents must be placed outside of the packaging. The material must be carefully packed to avoid damage during transport.

If the returned products would be functional or in case of non-acceptance of our quotation for the repair service, we will forward the materials back to the customer charging the shipping costs. In case of no response to our quote for the repair, a written reminder will be sent after 4 weeks. After 5 working days more, if we will have no answer, EMEC will return the material to the sender with shipping charges. In this situation, we will return the items unrepaired.

SHIPPING ADDRESS:

EMEC srl
Via donatori di sangue, 1
02100 Rieti
Italia
